

EXPERIMENT / INFLUENCE / TEACH

CONNECT: FACULTY OF SCIENCE

The Faculty comprises the three Schools of Biological Sciences, Chemistry and Earth & Environmental Sciences. We offer a range of high quality degree programs at both the undergraduate and postgraduate level. There is a very strong alignment between our teaching programs and our research strengths where our leading researchers are at the forefront of their fields internationally. The School of Chemistry and Biological Sciences are looking for two academics to join their Schools.

LECTURER OF CHEMISTRY

The school is seeking to fill a 4-year fixed term lecturing position. You will hold a PhD in chemistry or a related area, an excellent research track record and research interests that closely complement those within the School. The person will play a major role in the teaching program of the school in the areas of general chemistry, biological chemistry and pharmacology.

Visit employment.uow.edu.au for a full position description with Selection Criteria. You must address the Selection Criteria as part of your application. You can contact Associate Professor, Stephen Wilson, Head of the School of Chemistry on +61 2 4221 3505 or swilson@uow.edu.au for further information about this position.

Applications Close: 19 February 2012
Reference No: 24143

LECTURER OF BIOCHEMISTRY / CELL BIOLOGY / MOLECULAR BIOLOGY

We are seeking to appoint a biochemist/cell biologist/molecular biologist for a 4-year fixed term, with research interests that complement those of our academic staff. Candidates that have research interests that align with those of members of the 'Proteostasis and Disease Research Centre' are particularly encouraged to apply. You will contribute to teaching in biochemistry, genetics, molecular biology, cell biology, and/or bioinformatics subjects, as appropriate.

Visit employment.uow.edu.au for a full position description with Selection Criteria. You must address the Selection Criteria as part of your application. You can contact Associate Professor Mark Downton on +61 2 4221 3429 or mdownton@uow.edu.au for further information about this position.

Applications Close: 19 February 2012
Reference No: 24142
