

Australian Physiological Society Science Outreach Program Application

Applications are open to all school teachers interested in attending. Registration will cost \$25 per teacher and teachers can register once they are informed that they are a successful applicant. Approximately 15-20 teachers will be selected from all applicants.

Please fill in the following brief application form. A certificate will be awarded to each successful applicant. Places are limited. Applications will be judged on merit associated with their track record of teaching excellence in science education and potential outcomes that may be associated with attendance at this program.

Applications close **October 1, 2010**. Please email this form to damien.keating@flinders.edu.au

Name:

School:

Years currently being taught:

Please detail any science-related programs you have been involved in or initiated at your, or other, schools:

Please outline how you think your attendance at this Outreach Program will benefit your science teaching and your students:
